

Stevens County Fairboard
P.O. Box 622 – 177 S. County Rd. 22
Morris, MN. 56267
320-589-1062 – info@stevenscountyfair.org

STORAGE IN: Saturday, October 16, 2021
from 10 AM to 12 NOON

Pricing is \$10 a foot **PLUS 6.875% TAX** from ball of unit to unit rear. STORAGE RENTAL FEE IS DUE AND PAYABLE THE DAY YOU DROP OFF YOUR UNIT(S).

No unit will be put in storage without payment in full. Contact us if you have multi units to store for the season. Saturday, October 16th is the only date that we will set aside as the fairboard people get paid nothing for doing this and only wish to set aside one weekend to do this. IF the date and times don't work for you here are some options for you;

1. You can bring your unit out and drop it off prior to the day or time at no extra added charge. The only thing we ask is that you fill out an index card with your unit information (i.e. Jayco Camper, License #) and your contact information (name, address, phone #); put the card in a plastic bag and tape the bag to your storage item. Also fill out the storage contract form which is mailed to you (attach your payment), attach to unit in a 2nd bag so that we can take the form out and keep for our records. Please fold your unit down to as low as it will go. Example: fold down the canopy on pontoon.
2. The other option is to contact us at a different date but there will be an added **\$25** charge for someone to take the time to come out to the fairgrounds to put your unit into storage. If you are going to do this you will also want to make sure you contact us by phone (320-589-1062) or email (info@stevenscountyfair.org) now so we save room in a building for your unit. We PREFER EMAIL as no one will be around to answer the phone.

When you bring your unit for storage make sure you bring tools along to take the battery post wires off. Also **bring a large piece of cardboard/plastic to place under your engine so if it should leak any oil it will not be all over the floor.** Oil is very hard to clean up after it has sat all winter.

We will inform you of the checkout date by mail in the spring and the same policy for checkout will apply if you can't make the date for checkout. We will again pull your unit out if you wish for a later pickup time of the day or you can go with the added checkout charge and time.

Just remember to check that your insurance is in place as Owner assumes sole responsibility and liability of the stored unit. Not that we have had problems, but you need to be aware where the responsibility is if something should happen. It is NOT the responsibility of the Stevens County Fairboard or Stevens County Ag. Society if something should happen to your stored items.
